Tame Pasture and Range Plant Display –4-H & FFA

- P31. Tame Grasses & Legumes
- P32. Native & Range Plants
- P33. Grasses – Forbs or Legumes

An exhibit consists of ten (10) native or introduced, annual, biennial or perennial plants mounted on a plywood pegboard or other suitable material, approximately 3' x 3'. Two holes ½ inch in diameter and 1 inch from the top should be drilled in the board to facilitate displaying. Single plants or bundles not to exceed 1 inch in diameter may be used. No plant should extend above or below the display board. Plants must be exhibited in the bloom or mature stage of growth and include a portion of the root system if you are in 4-H. The root system should not be included if you are in FFA. This is because of State Fair guidelines. Exhibits will compete against one another at the county level. Plants must be neatly labeled with the correct common name, with letters about ½ inch high. Labels may be placed above, below or across the plants.

FFA & 4-H members may have one exhibit per class, no limit to county exhibits per class. Suggested references are the current Pasture and Range Judging in Oklahoma brochure available at the County Extension Office.

#### **Home Garden Food Basket – 4-H & FFA**

This exhibit is a quality selection of 5 to 9 different kinds and/or varieties of mature fruits and/or vegetables. Amounts of fruits and vegetables in this exhibit should be such that they can be arranged in a neat and orderly manner and have good eye appeal. There must be enough of each fruit or vegetable for the judge to determine quality.

All fruits and vegetables exhibited must be grown by the exhibitor.

No specimens in this exhibit may be entered in another class. Any combination of fruits and vegetables may be used. Those not listed in catalog may be included.

The exhibit must be in a container such as a basket or box. It may be covered with a clear, plastic cover, but judges must be able to handle produce to determine quality.

One-third of the judging will be on how well the exhibit is prepared and presented.

Packing such as paper, straw, or cloth may be used but the fruits and vegetables should be the main attraction of the exhibit.

P68. Jr. Division (1<sup>st</sup>, 2<sup>nd</sup>, & 3<sup>rd</sup> Years, Ages 9-13)

P69. Sr. Division (4<sup>th</sup>, year & over, Ages 13 and over)

For all Junior Division exhibits, the age of contestant shall be determined as of January 1, 2017, except for 9 year old youth who may have been 8 years of age on Jan. 1-in this case, youth must be 9 by the first day of the fair.
